We provide an extensively merit middle-classed real estate yet worth the value for the new-young family specifically.

CEO Statement

ARIANSYAH EKA SAPUTRA

CEO of GSP Property

We specialize in residential properties. Whether commercial, land, or residential, we can help you make your dream house come true. We are consumer focused and ensure that our consumer are provided with a personalized service while treated with respect and professionalism.

Our team is quickly able to understand the needs of our consumer and find the perfect property to suit the very specific needs of our consumer down to the very last detail.

We provide an extensively merit middle-classed real estate yet worth the value for the new-young family specifically.

Overview

Property developer business becomes more interesting as the era goes through swift changes by the time which will affect some regulations itself.

GSP property is one of a few developers that provides unique products with an exceptional unit design to aim not only the needs of the market, as well as to give the best experience and services for the customer.

Besides Cluster Monte Rosa at Bentang Artha Residence, currently GSP Property developed the continuous project which named as Kenanga Artha Residence Batch II strategically located in Subang, Jawa Barat.

OUR PROJECTS

There are several projects that we are currently working on:

1. Bentang Artha Residence
2. Kenanga Artha Residence
3. Cluster Mega Bodas

Projects

Bentang Artha Residence

Developed since 2017 and sold over 650+ units up until now. The former and most well-known cluster at Bentang Artha Residence was called Cluster Monte Rosa and we are looking forward developing another cluster in the near future.

Projects

Kenanga Artha Residence

Our second project was build in 2020 and almost 40 units has been sold out in 2022. Kenanga Artha Residence was developed under the GSP's subsidiary company which called PT Generasi Sinergi Perkasa, located in Subang, Jawa Barat.

Projects

Cluster Mega Bodas

Last but not our least projects, Cluster Mega Bodas which located in Padalarang, Kabupaten Bandung Barat, after 2 years has been sold out over 48 units. This project was developed in 2023 under PT Wira Cakra Buana – one of GSP's subsidiary company.
